## **144 Cid Ford Engine**

The 144 cu in (2.4 L) inline-six engine was first introduced in the 1960 Ford Falcon. The 144 was made from 1960 through 1964 and averaged 90 hp (67 kW) during the production run. While not known for being powerful or a stout engine, it proved to be economical and could get fairly good gas mileage for the time, up to 30 mpg -US (8 l/100 km ...

## **Ford straight-six engine - Wikipedia**

The Y-block engine is a family of overhead valve V8 automobile engines produced by Ford Motor Company. The engine is well known and named for its deep skirting, which causes the engine block to resemble a Y. It was introduced in 1954 as a more modern replacement for the outdated side-valved Ford Flathead V8 and was used in a variety of Ford vehicles through 1964.

Ford 200-cubic-inch engines are part of a six-cylinder engine family that began in 1960 with the 144-cubic-inch engine. Ford Falcons were the first passenger vehicles to use this small economical engine. Demands for more power led to the development of the 170-cubic-inch engine, and eventually the 200 cubic-inch, six ...

The trim levels were the Caliente, 404 and 202. These replaced the base and custom models. The 2-door station wagon was no longer produced in 1964, while the Villager was still the best station wagon. The base engine of the year was the 170 cid 6-engine after the base 144 cid 6-engine was discontinued.

The Ford NAA tractor (also known as the Ford NAA) is a tractor that was introduced by Ford as an entirely new model in 1953 and dubbed the Golden Jubilee. The NAA designation was a reference to the first three digits of the serial number style used starting with this tractor. It was designed as a replacement for the Ford N-Series tractors.

From 1980-1982 Ford used a 255 cid V8 instead of the 302. The 255 is essentially a 302 cid with the cylinder bores reduced to 3.68 in (93.5 mm). The 302 /5.0 L was to be phased out and the 255/4.2 L was to be an interim engine which would remain until the new V6 was in production - the 255/4.2 L was a quick fix.
