### **Dangerous Spaces Beyond The Racial**

Dangerous Spaces: Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems—immigration, drugs, gangs, and terrorism, for example—have been racialized and explains the historical and social origins of these racializing threat narratives. The book identifies how these narratives have led directly to relentless profiling that results in arrest, deportation, massive surveillance, or even death for members of suspect ...

Jones explains how the issue of race has become more complex and intersectional, wherein individual social identity involves color but also geographic space. People of color are vulnerable to discrimination by law enforcement based on their location within certain locales that Jones labels as “dangerous spaces.”
