and analysis of their policy alternatives along with the rationales and evidence of the alternatives. It is recommended that students follow the guidelines discussed in Vining & Weimer (2002) (required reading for week 15).

Social Policy Analysis

Policy analysis is a technique used in public administration to enable civil servants, activists, and others to examine and evaluate the available options to implement the goals of laws and elected officials. The process is also used in the administration of large organizations with complex policies. It has been defined as the process of "determining which of various policies will achieve a ...

Policy analysis - Wikipedia

'Policy analysis' Policy analysis is the process of systematic investigation of the implementation and impact of existing policy (ex-post analysis), and of options for new policy (ex-ante analysis) (Weimer and Vining, 1999; European Commission, 2004; European Commission, 2014). The ex-post and ex-ante analyses can be complementary
